Hey I never received an email from [No-reply@ring.com](mailto>No-reply@ring.com) to access the neighbors portal page to set up an account, however Sgt. Papa did. I'm not sure if one was ever sent to me. If you can check to see if one was, that would be great.

Thanks.

This email is not spam. Everyone please take a minute to actually log in and create an account. As of now there is nothing else really required of patrol this will basically be an investigative tool for requesting video from residents for us. With that said the Chief wants everyone to at least be able to log in for now and be set up. You can however feel free to log in and check for anything interesting when you are bored but just be aware that there is not a training portal so be careful what you click on. I would also suggest just creating a shortcut on your desktop in the event you need it in the future. Any questions feel free to stop by or reach out.

Good Morning Chatham Twp PD Team,

My name is Anthony Modestine, I am the department Coordinator between the PD and Ring partnership. You are receiving this email as I see from my data that you have not officially logged onto the Neighbors Portal.

I have just resent an email to join the Portal please be on the lookout from this email coming from [No-reply@ring.com](mailto>No-reply@ring.com) to create your account.

NW.RING.COM will be the website you will use to log into the Portal moving forward.

Here is a quick overview of this platform to help catch you up to speed!

Neighbors - Neighbors is Ring's Digital Neighborhood Watch were residents can voluntary share their Crime/Safety concerns with other residents and the police department itself. Residents can access this app by downloading the RING App or the Neighbors by Ring App.

You do not need Ring Cameras to participate, feel free to share any video from any camera system!

Neighbors Portal - The Portal is the Law Enforcement side of this platform. You are able to see all the voluntary shared videos that neighbors are sharing within the app in real time. To access, you will need to use the **Google Chrome Browser**.

Portal: Neighbors Feed - This page you are able to interact with neighbors by commenting on their post or put out your own Law Enforcement Post. The LE Post will go out to a targetted area in real time, you will have hundreds of eyes on your post within minutes. These types of post will reach your community **FASTER** then Facebook could ever do for you!

Portal: Video Requesting - This section only certain officers will have access too. Please reach out to your Head Detective to gather more information on how to send request video from Ring Users when a crime occurs.

There is no more canvassing for Ring Cameras anymore!

If you have any questions, concerns please do not hesitate to reach out!

Hi David,

In order to receive a donated device, please confirm your acceptance of the following terms by hitting reply to this email and stating “I Accept”:

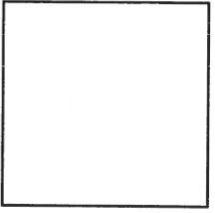

1. You will provide the donated devices to members of community. You will ensure that the donated devices are not provided to employees of your organization or a member of an organization's immediate family, and represent and warrant that acceptance of that donation complies with state and local law and your organization's rules.
2. You will not impose any requirements or restrictions on any recipient's use of the donated device. For example, you may not require a recipient to provide recordings captured by the donated devices to anyone as a condition of receiving the donated device or otherwise.
3. You will not use or store any personally identifiable information of the recipient of a donated device other than as necessary to confirm his or her eligibility to receive the device.

A message from Detective Gallo:

A package was reported to have been stolen from a resident's front step on Edgewood Road between June 19 and June 20 at an unknown time. The CTPD is requesting that anyone who resides in the area and has cameras check for suspicious activity that may have been captured during that time frame. Anyone

Sharing your videos with law enforcement is absolutely your choice and your privacy is our priority. With this video request, law enforcement will never have access to your Ring device and none of your information (including whether you received a request) is shared with law enforcement without your consent.

Subject: Boost Leads with Video Requests

Requesting videos from Ring device owners can provide many leads, but you can always use more to close a case. Extend your investigation to non-Ring device owners in the area by **creating a Post** on the Neighbors Portal after submitting a Video Request.

Soliciting information from all neighbors in the area of interest increases your chances of receiving actionable evidence to help solve more cases with one click.

Best Practices

1. When submitting a Video Request, also **create a Post** to extend your reach
2. In your Post, ask neighbors to **share videos** from any kind of security camera or smart device
3. Provide your **contact information** so neighbors can reach out directly
